## **"The Addams Family"**

THE ADDAMS FAMILY, a comical feast that embraces the wackiness in every family, features an original story and it's every father's nightmare: Wednesday Addams, the ultimate princess of darkness, has grown up and fallen in love with a sweet, smart young man from a respectable family— a man her parents have never met. And if that wasn't upsetting enough, Wednesday confides in her father and begs him not to tell her mother. Now, Gomez Addams must do something he's never done before— keep a secret from his beloved wife, Morticia. Everything will change for the whole family on the fateful night they host a dinner for Wednesday's "normal" boyfriend and his parents.

# THE DIRECTOR'S NOTE

What a year we had! I couldn't be more proud of the group of students that brought this show to life. I had the privilege of directing the junior version of this show several years back and I just loved it. I couldn't wait for the opportunity to direct the full production here on The Brook Theatre stage. The sheer size of this show could be a daunting task to say the least, but with the talent we are blessed with, it has made these past several months a complete joy.

I could not be more proud of our group of students and especially our seniors. They started their high school career in some uncertain times as their first high school musical was taken right from under their feet. They are the ones that stuck it out and played a huge role in bringing our program back on its feet. I am very thankful for them and all they contributed to our theatre family.

A huge thank you to the other directors! We have a team that is eager to put in the work and passion that is required to put on a show of this magnitude. All the hours both in and out of school never ceases to impress me. I attempt to demonstrate my appreciation for them as much as I can, but am sure that I often fall short. These productions that we have become accustomed to seeing here doesn't happen without them. This also includes the endless support we receive from our administration. It makes our jobs so much easier knowing that we are standing on a firm foundation of support for our administrators. So thank you!

An even larger thank you to my better half, Allison. She never once complains to me about the long hours I am needed here at school during the musical season. She is beyond supportive and loving and I am grateful for her and keeping the ship upright at home. Thank you to everyone for coming out and supporting us here. We hope you enjoy the show!
